STAND UP! YOU MUST LIVE IF YOU WANT TO SEE
YOUR FAMI !!

Who was it ...?
The one you wanted to show those words to ?
The whole fortress is vanishing
amidst a shower of falling sparks ....

"Amidst a shower of falling sparks" .....
"The whole fortress ..."
ピピー!!

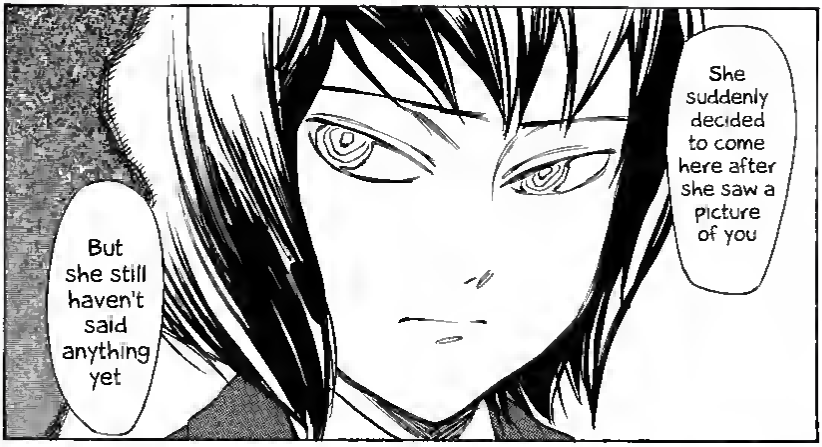
Ah, there he is!
You late !!
カラオケ

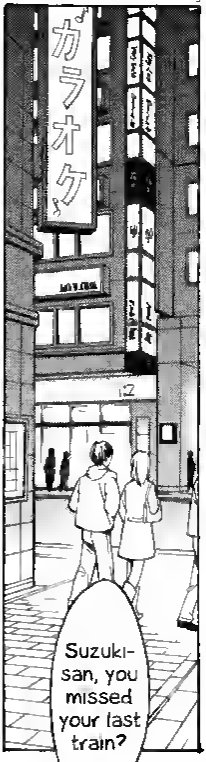
Couldn't wake up
You don't wake up, even for tests?
Sudou-kun, why didn't you come to class?
I just had a freakin' vivid dream ....
Houses were burning... People were dying... I couldn't wake up from that dream...
I don't know, maybe it wasn't a dream after all ....
They say that if you sleep alongside someone, you won't see bad dreams
Hey, you know ...

You mean, like some string of fate?
These things don't really exist, ya know
Don't you start with that spiritual crap, Sudou!
smack
Who's that girl?
Hey
Ah, she's looking this way!
Suzuki-san? She was transferred in our school last week
She's got that weird aura about her, don't ya think?



She suddenly decided to come here after she saw a picture of you
But she still haven't said anything yet

This guy's place is nearby, and his folks are away on a trip right now
You'd better send us a little mail afterward



カラオケ
Suzuki-san, you missed your last train?

So trouble-some

Don't you think she's gloomy?
Sud denly doing some-thing like that
That was her true intention from the beginning

I've got no light
So watch where you put your feet
Should have told you sooner, but I'm poor
You play an instru-ment ...?
10
Re-cently
Did you make some too?
My folks aren't on a trip, they ran away
But you can't make a profit out of this
we mak 'em
She finally spoke ....

But, I could only make this strange one
I must be really bad at this, look at how plain it is
I got a sudden urge to make it like this ....

11

Please
Let me play
Huh?

Whoa, Suzuki-san
Even though there is no string, I can hear a sound ...
The sound... of rain ?

Shut
Hell

Ah
Ah
Where

Where
am I

My hands are drenched in blood....
And what is this rope ...?

Let's go

We must leave this place at once

32

That's good
We will use this storm to cover our escape

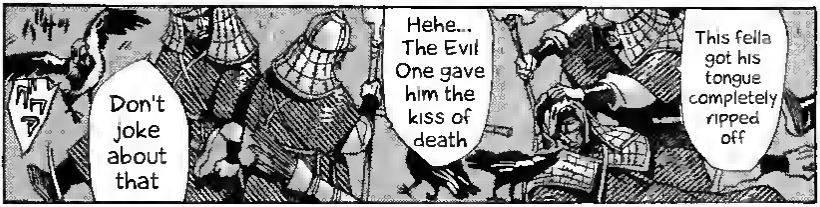
Shut Hell
33
Are you feeling well?
b r r
brr brr
brr brr
You're cold? Let's hurry
Aren't you the cold one ..?

AREN'T YOU COLD? IN FRONT OF YOUR EYES .....
PEOPLE DIED IN FRONT OF YOU, AND YOU STAY THIS CALM !?
I...
I killed them .....
That's right ....

We have to hurry
You can't stay naked too long
Your fingers are icy-cold
ヒュー
ドドド
ゴゴゴ

At first, I planned to bring back your body
for your funeral
Her corpse disap-peared

Any trace left?
In this storm? Don't count on it



Don't joke about that
Hehe... The Evil One gave him the kiss of death
This fella got his tongue completely ripped off

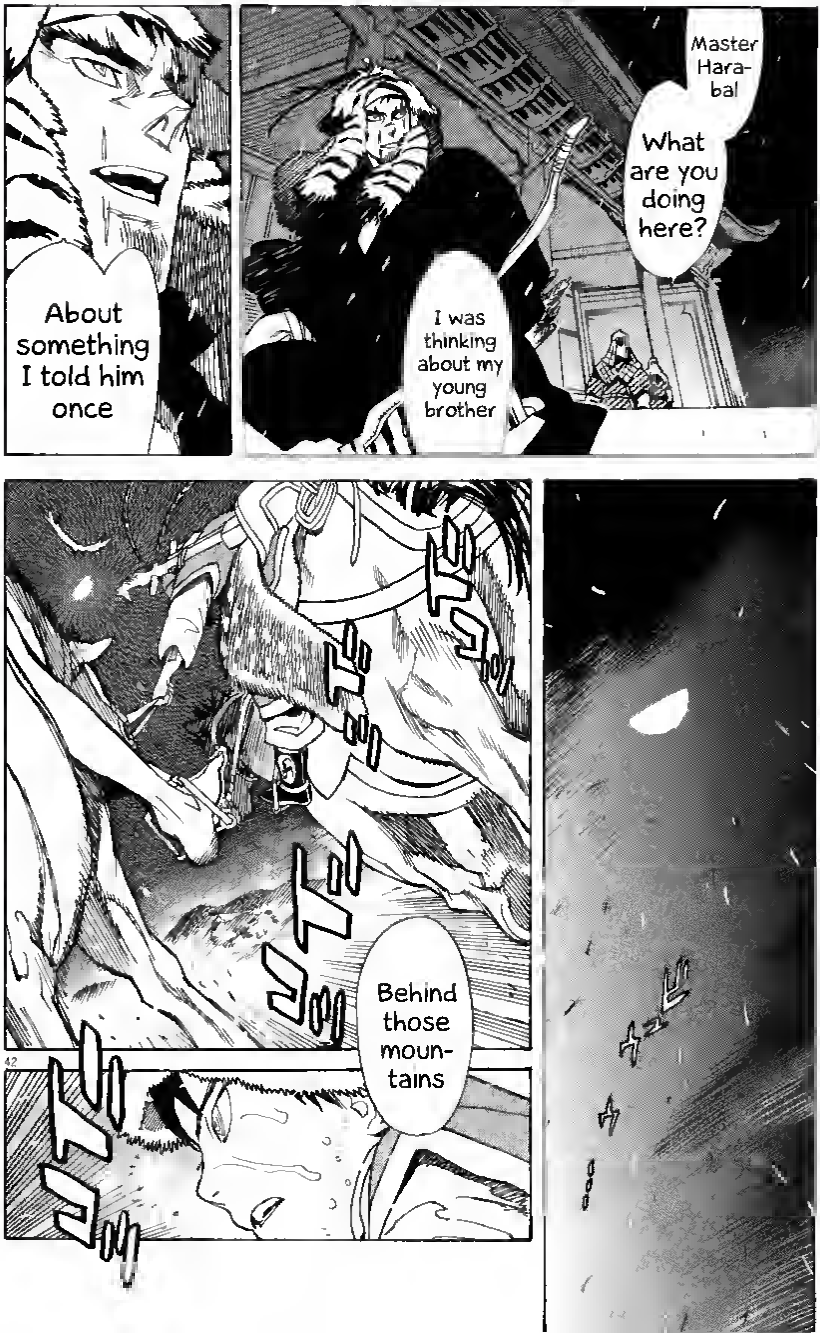
41



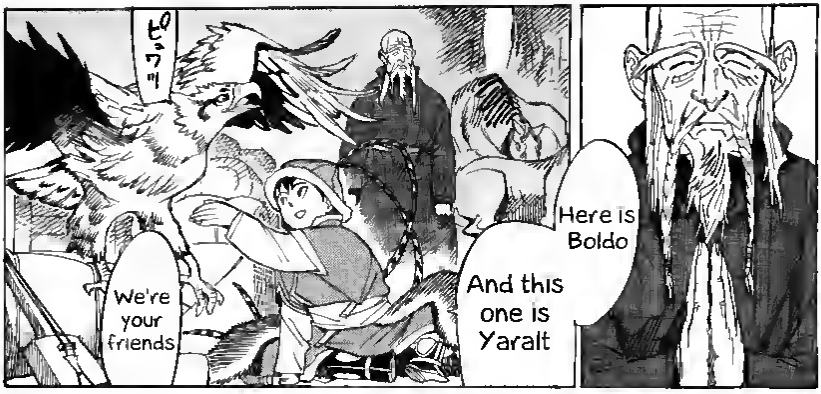
About something I told him once
Master Hara-bal
What are you doing here?
I was thinking about my young brother
Behind those moun-tains

You really can't remember anything?
I'm quite astonished

This way, it's as if... you were really reborn
Here
Maybe that's why, like a baby, you don't know anything

Boldo
Shouldn't you be more surprised that she's still alive?

Suzuki-san....
that kid looks a lot like her...
You are "Shut Hell"
And until the end, you never told me your true name
Again with the long face... Is he gonna cry?



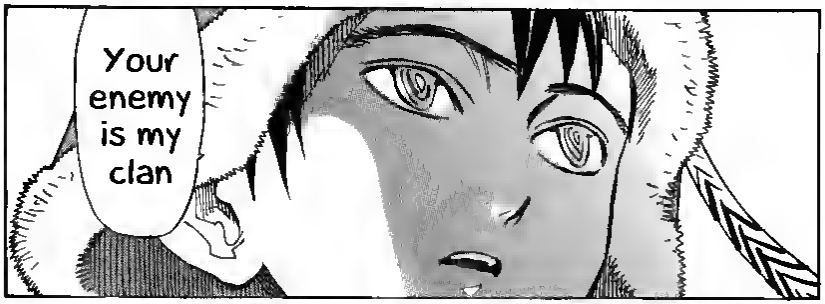
ピュイ!
We're your friends
And this one is Yaralt
Here is Boldo

I'm Yurui
And my name isn't Suzuki

45

Do I have any more "friends"?
Apart from a brat, a bird and an old timer,
I don't know nothing about any enemies

Al.. fald ..?
Alfald is gone now
...



Your enemy is my clan

Now
This is going to be a long story

Seems like Harabal has done a good job already

We're almost there

MAKE THEM FALL !!
PUSH THEM BACK !!

Ah
AA AH !!

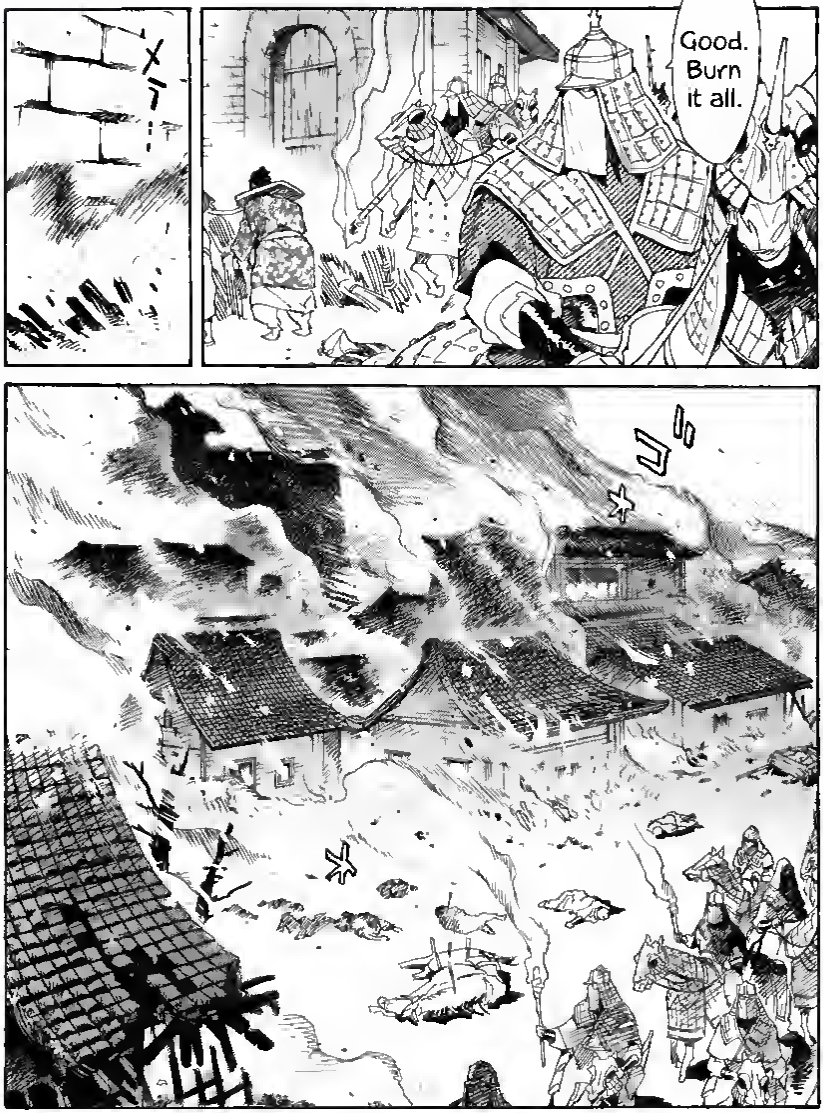
"Mergen" is a mongolian
title meaning elite shooter or sniper
It's also Harabal nickname

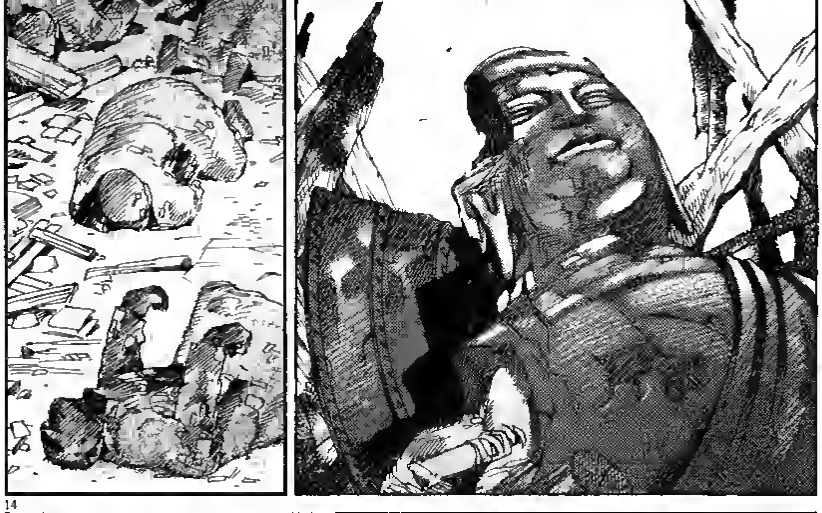
It was their last stronghold
That was easy
Are we done here, Harabal?
How is Yurul doing?
I'm sure even the general Bektel will notice you real soon
Every single one of our men looks up to you
10
Humpf, always buried in his books, he still doesn't know how to use a bow
At this rate, we're going to make a fine scholar out of our little prince

Haha! You got a point!
Father
This is a lot better for him than coming on the battlefield and being hurt
Any spoil of war?
Already done collecting them



メラ…
Good. Burn it all.
ゴゥ
メキ

Hara-bal
The way you've been leading the Tsog clan greatly pleases the general Bektel



14

I thought you'd be here
Have you found something you'd like to read?

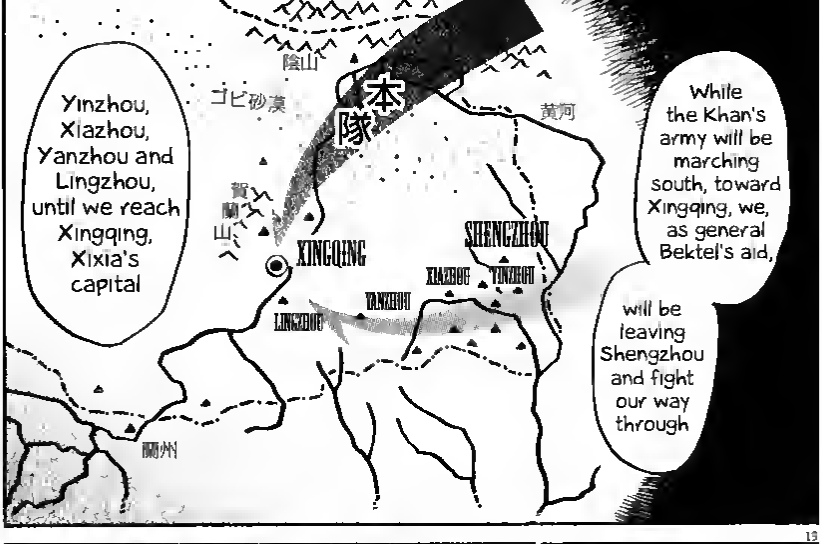
You burned everything
Around one or two centuries worth of knowledge ...
Let's go
Treasures those people tried to protect from the flames

Writings?
What is there in those silly drawings that you hold so dear?
Bro-ther
Letters are like living things

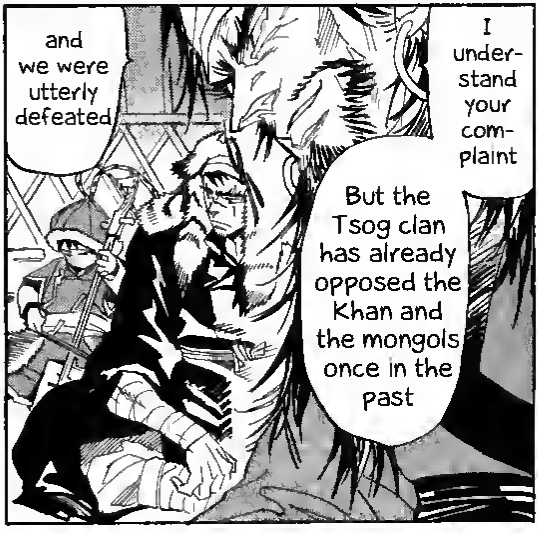
The words are alive
That's why it's so painful to see them burn
They're a way to pass people's thoughts and hopes on to future generations
The persons who wrote those words down may be dead
but the words they wrote will forever keep their memories alive
17
It's because they wasted manpower on these stupid things that they were so easily invaded

Here is a map of Xixia
Not only will we be using these expeditions to gather slaves, livestock and metal .....
we will also assault the stronghold of every province we pass by, thus exhausting the Tangut's military power

Xixia Chinese name of Tangut



Yinzhou, Xiazhou, Yanzhou and Lingzhou, until we reach Xingqing, Xixia's capital
While the Khan's army will be marching south, toward Xingqing, we, as general Bektel's aid,
will be leaving Shengzhou and fight our way through
XINGQING
SHENGZHOU
XIAZHOU
YINZHOU
YANZHOU
LINGZHOU
黄河
陰山
本隊



and we were utterly defeated
I understand your complaint
But the Tsog clan has already opposed the Khan and the mongols once in the past

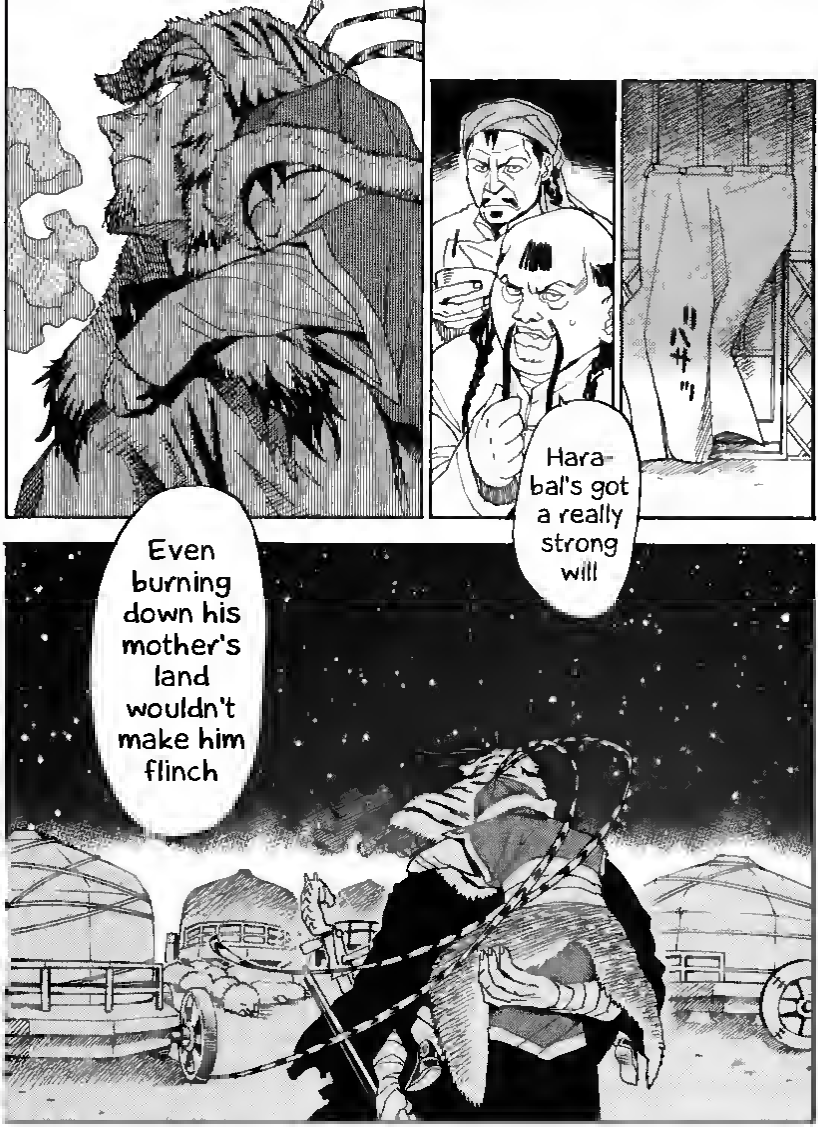
It sure sounds nice when you say we're the general's aid, but in the end, aren't we just used as errand boys?
Chief
Today, Bektel's men didn't do anything at all to help until the gates were completely open

What we're doing here is nothing more than pandering to the great Khan by showing off our skills
But we managed to survive and are climbing our way back to the top

Bektel's family has been a vassal of the Khan from a long time
Our clan's future now depends on how well we fight during that war against the Tanguts
From now on, we will start using soldiers we captured at Shengzhou too
And you can already tell it's working, the general Bektel has his eyes set on Harabal

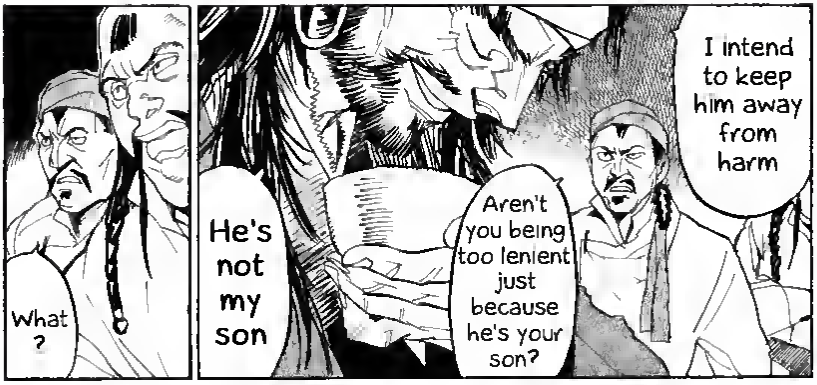
20

Yes
I'll be counting on your strength at Yin-zhou too
Hara-bal

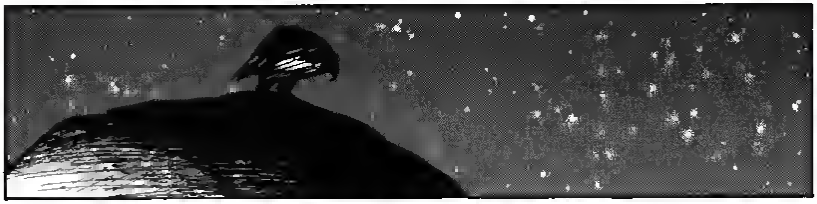


Harabal's got a really strong will
Even burning down his mother's land wouldn't make him flinch

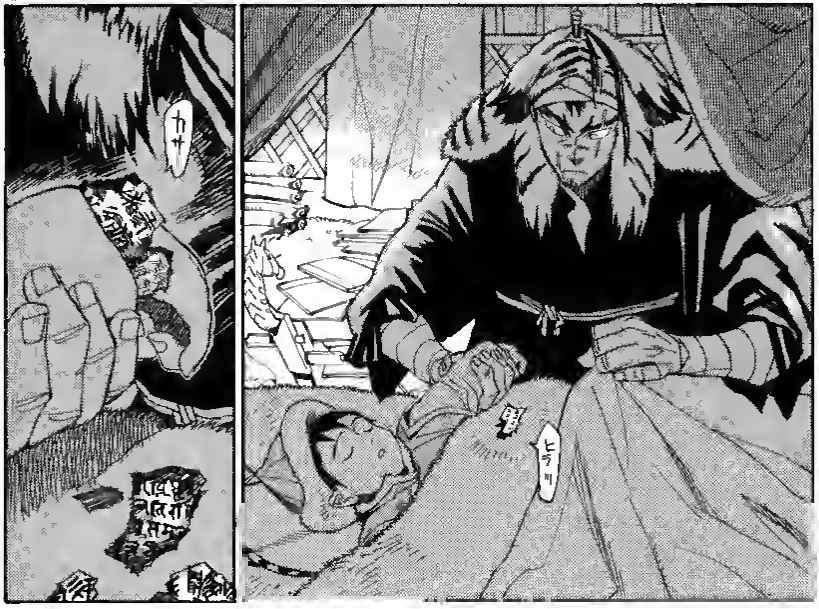
He acts nothing like a normal ten year old Tsog
Although the little guy was born on the plain like his ancestors ..
Actually, the only thing he seems to worry about is Yurul



What ?
He's not my son
Aren't you being too lenient just because he's your son?
I intend to keep him away from harm

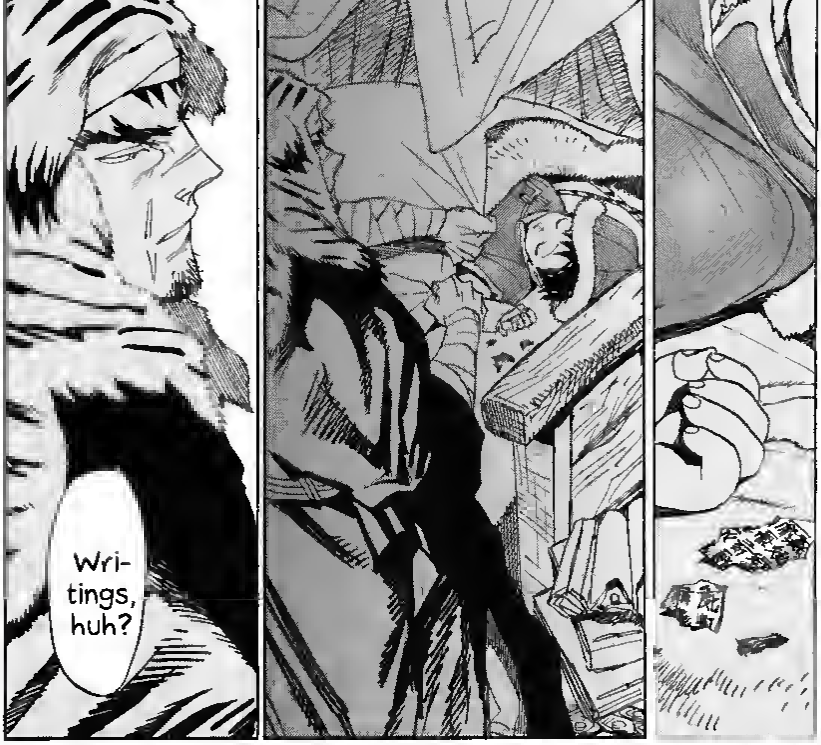


22



When I fought the Khan, he abducted my wife
After I surrendered, he sent her back to me, but she soon gave birth to a child and then died
This was Yurul

Does that mean Yurul is...
the Khan's ...?
If I wish for Harabal to keep up the good work,
so that he'll be summoned before the Khan,
then .....



Writings, huh?

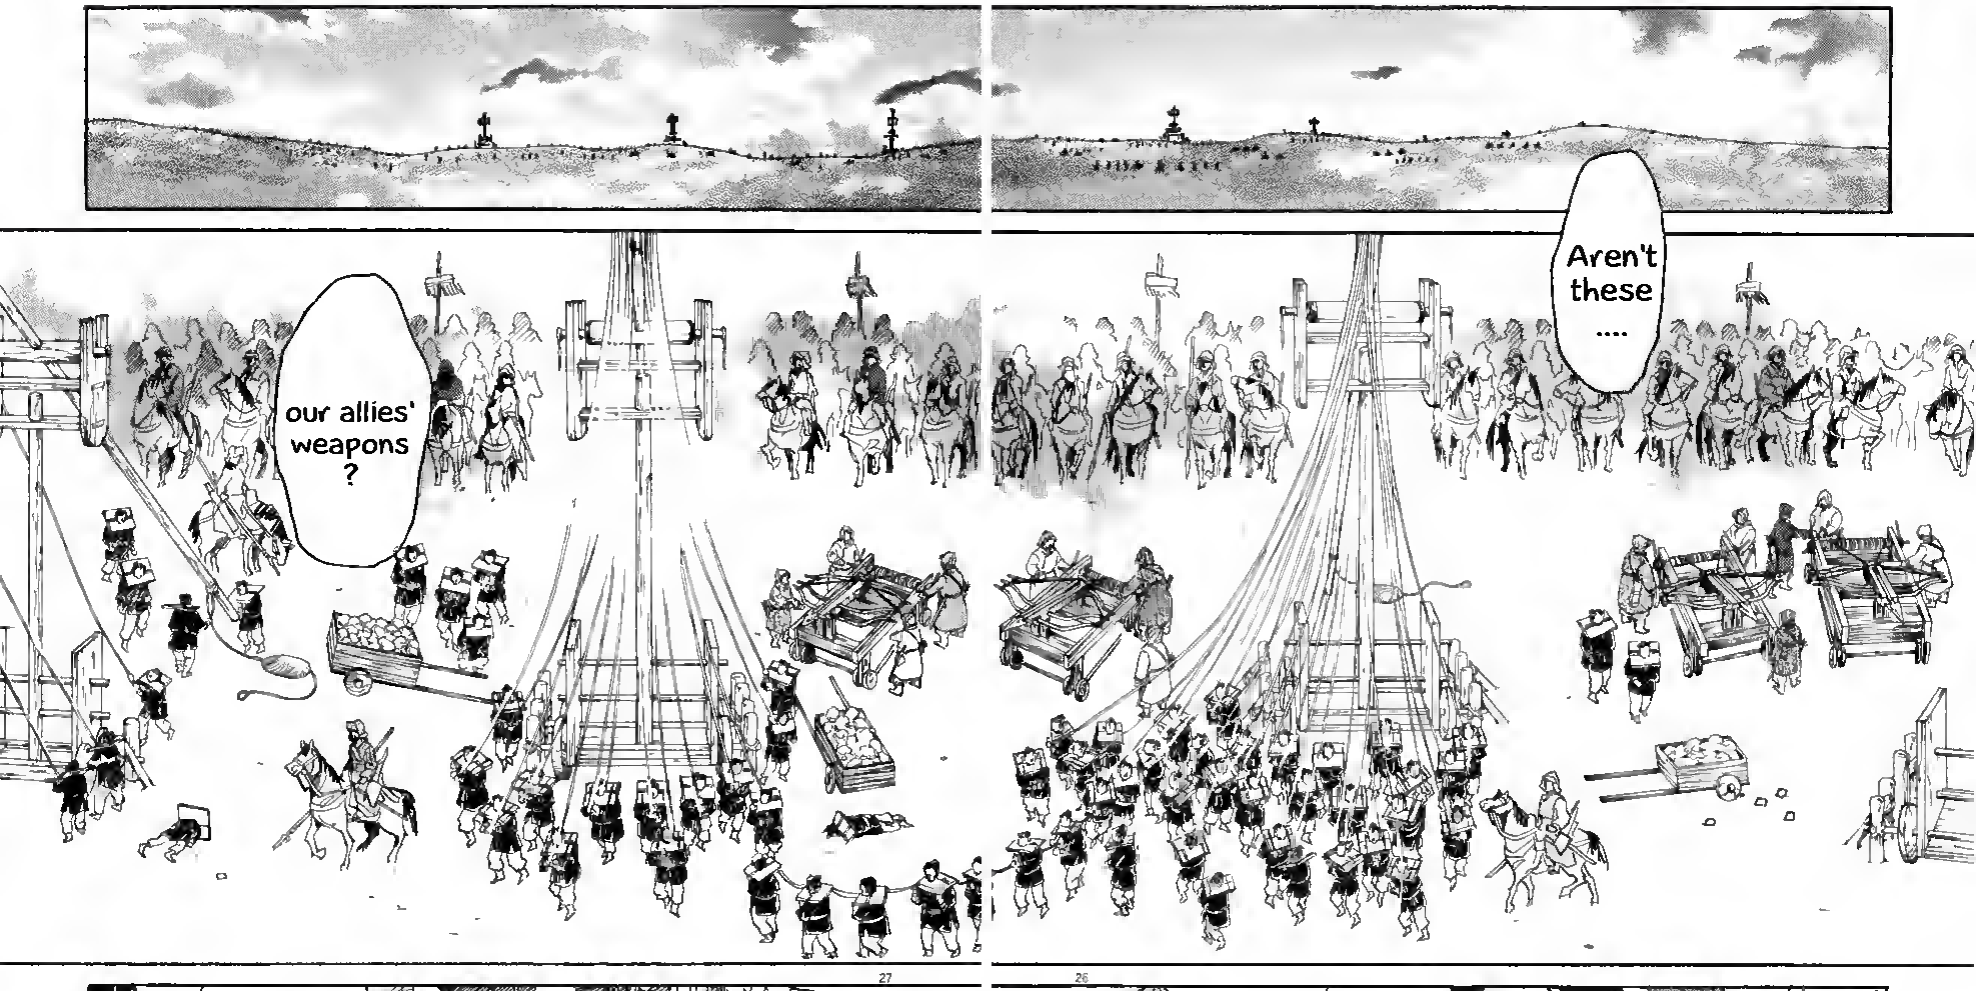
The rumors were wrong !
The Mongol army already burned down Yanzhou and is heading toward us!
We got news!
Streng-then the defense !!

I heard that the Mongol's only weakpoint was that they didn't have the manpower to take on a fortified city, but....



Aren't these ....
our allies' weapons ?
Crap, they're ...
They're actually using our own men as cannon fodder against us!!

This shouldn't take long

CHAPTER #03 LITTLE SPARROW

No, I'm gonna fight till the end too!
You must go to Xingqing .....
Run away from here ..

If you do that, you'll only die in vain .....
You've never been able to do anything worthwhile even during training...
Ain't that right, "Little sparrow" ?

4

You... should run...
while you're still... alive...

THE SOUTH WALL IS DOWN!!
STEP INTO THAT BREACH!! TAKE DOWN THE REMAINING GATES!
REMEMBER, WE DON'T TAKE PRISONERS !!

We're trapped like rats ...
It's no good, we can't open this one either ....
It's closed from outside
They'll kill everyone but those of us who can use cannons!
If they catch us, they'll use us as their slaves until we die!
Let's hurry to the North Gate!
Maybe they haven't closed it yet!
They'll kill everyone else without exception
Wether you surrender or not makes no difference to them

We have to leave this place and go protect Xingqing
Take care of the wounded !
KILL THEM ALL !!
DO NOT LET ANY OF THEM SURVIVE !!

we should hurry

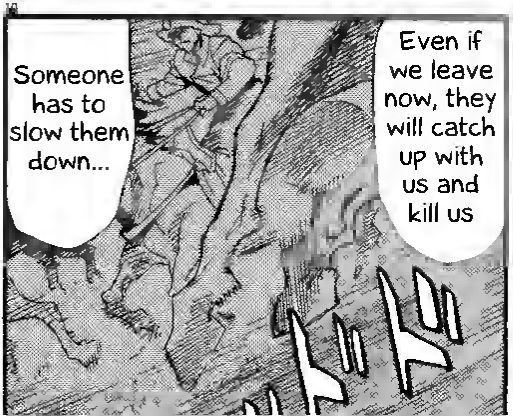
You're stealing my line !!
I'm so happy you survived !!

The enemy is fast

What are you waiting for? Let's go !!
HEY !!

WE CAN OPEN THE NORTH GATE!!
PUSH EVERY-ONE!!



Someone has to slow them down...
Even if we leave now, they will catch up with us and kill us

Even if we all reach Xingqing
You won't need a weakling like me to protect the capital
What are you talking about!? You have to come with us!
What can you do alone with your feeble strength...?
You should go
This is exactly why...
But, I...
I want to be useful too...
Even just this one time!

You've always been taking care of me
I was too shy to say anything, but...
I...
I...
even now I
I love you all ...

WE'LL WAIT FOR YOU AT XING-QING
Good luck, every-one!
STAY ALIVE AND WE'LL MEET AGAIN...
YOU GOT IT, KIDDO !?

More trap?
How many did they set!?
STOP !!
14
They were really ama-teurish
They couldn't have time to set any more
I think those were the last ones

Right, let's go back
We already cornered them, our job here is done
The Tangut soldiers are gathering around the North Gate
